

I love you. I know.

Death cannot stop true love. It can only delay it a little while.

If you're a bird, I'm a bird.

I will return. I will find you. Love you. Marry you.

Swoon. I will catch you.

I've crossed oceans of time to find you.

You will never age for me, nor fade, nor die.

Nobody puts Baby in a corner.

I love you, but you don't know what you're talking about.

I want all of you forever, you and me, everyday.

You jump. I jump. Remember.

P.S. I Love You

You will always be my greatest adventure

I think I would miss you even if we never met.

I promise not to forget this is once in a lifetime love.

You must now surely, you must know it was all for you.

To me, you are perfect!

You had me at Hello!

No, I like you very much, just as you are.

You should be kissed, every day, every hour, every minute.

I promise to love you forever, every single day of forever.

So, I can kiss you anytime I want.

You have bewitched me, body and soul.

You made me a man by loving you.

I don't not want to make plans with you. I want to make plans with you.

Magic is everywhere around us you just have to look.

And so the lion fell in love with the lamb.

I know a life without love is no life at all.
